2016 WA DMC Champion.

When did you know DJing was the gig for you? After joining my mate in being the local house party DJs for our friends and family! From there it escalated up to club sets and battles.

What's your most memorable musical moment? I have to say, this year's win at the WA DMC's is definitely now my most memorable musical moment!!

What release should everyone have in their collection? (and why?) I personally believe everyone needs a copy of Wu Tang's 36 Chambers. I believe it is one of the best albums to sit back, relax and just bang from cover to cover.

Who's the act everyone will be talking about in 12 months? (and why?) Zeke Beats! After recently returning from his US tour, no doubt he is going to turn it up in the next year! Super keen to see what he has in store.

About Bace Kadet.

Residing from Perth, Western Australia, **Bace Kadet** is quickly becoming a well known name within the Australian music industry. A man of many talents, he is capable of throwing down mind blowing sets in his guise to be one of the most respected party rockers and turntablist DJ's.

In an era where digital is taking over, **Bace Kadet** is one of the few DJs who still push the vinyl art form of turntablism - mix modern technology with the old school technique and you have what some would call the perfect party rocker with a journey in sound that you not only hear, but see too. Chuck modern music styles such as Trap, Future Bass & Dubstep in the mix, as well as his "bread and butter" in Hip Hop/ R'n'B... this is a DJ in action that you do not want to miss out on.

From rocking a hot party for corporate events like Topshop Perth or the Gentlemen's Club to manning the stage and developing truly unique performances for nightclub events such Bassment, HYFR and Metro City & Fremantle. And After winning the 2016 West Australian DMC Championships, the only way Bace is going is up.

Bace Kadet is separated from the rest by his diverse style and his ability to rock any crowd anywhere as easily as he cuts records.
